16hh 2017 Gelding by Great Pretender

£ 6,500

Description

Caspian is a real model, he has a great outlook on life with serious potential. He is a full thoroughbred by Great Pretender out of a mare by Priolo. He retired from racing sound in February 2024 and is ready to go on to his new career. He really loves being around people and we are now starting to see his real character, he is very sweet, lovable and he is guaranteed to put a smile on your face. Caspian is a very striking horse that learns very quickly and thoroughly enjoys his work. His education within the school is progressing nicely and has just started to work well in a good frame, with 3 elegant paces, an uphill canter and he certainly has the wow factor when it comes to RoR competition. Caspian is currently jumping around a small course of fences, and finds it all very easy. He has a good technique over a fence, stays in a good rhythm, and is not phased by fillers. He could be discussed as a warmblood as he does not have a stereotypical TB jump. He has gone around a small course of cross country fences, will be an easy horse to train cross country, he is straight, brave and balances himself well on a line. Caspian has mainly hacked in company and has done minimal hacking alone, so would benefit from more of this. He has seen village traffic and small amounts of farm machinery. Caspian would really suit a competition home, with someone who is willing enough to give him the education he needs to really progress in any discipline. Good to shoe, catch and load. Open to vet. No vices. For more pics and videos visit www.verdishorse.com

Additional Category: Ex Racehorses

Horse's name: Sea Prince

Age: 8 yrs

Height: 16 hands
